Total water consumption:
N/A

Product Description:

Supreme 1609 is the no-compromise bet for a work glove for both wet and dry environments. The entire palm and the fingers are nitrile foam coated. Furthermore, dots in the palm ensure you a completely accurate grip. The knitted glove is extremely elastic, as it is made of nylon/spandex, and it gives you a fit perfectly adapted to your hand.

The flexible glove is also excellently suited for grinding or assembly work, and often it is chosen by carpenters, masons and machine operators. The OX-ON glove is at the same time OekoTex certified, which is your guarantee that the glove does not contain harmful chemicals or dyes.
