nylon 24%
spandex / lycra 21%

Product Description:

OX-ON Flexible Supreme 1610 is an exclusive and highly durable all-round glove for you, who need both optimal dexterity and efficient protection - regardless if you work on for example carpentry, bricklaying, grinding, vehicle or assembly tasks. When you wear the flexible glove it adapts its fit completely to your hand. The entire palm and the fingers are nitrile foam coated, which gives you a completely accurate grip when working in dry environments.

OX-ON Flexible Supreme 1610 is made of strong nylon and spandex and is therefore fully breathable on the surface of the hand and around the wrist, which also makes the knitted glove extremely flexible and comfortable when you need to have a secure grip. The OX-ON glove is at the same time OekoTex certified, which is your guarantee that the glove does not contain harmful chemicals or dyes.
