Product Description:

OX-ON NBR Supreme 8600 is the robust quality glove for you, who work in wet environments, for example in the field of sewerage work, bricklayer or construction work, renovation, civil engineering, transport or industry.

The OX-ON glove is made of the best materials for the purpose: On palm, fingers and all the way up to the knuckles the glove is coated with yellow NBR nitrile, which provides you with a solid and secure grip. The back of the hand is made of soft cotton, which feels comfortable against your hand and which gives your skin the possibility to breathe. The gloves knitted cuff tightly seals around your wrist, and gives you an extremely good fit.

NBR Supreme 8600 is a durable work glove in absolute top-quality that preserves your dexterity and protects your hand when you work.
