spandex / lycra 2%

Product Description:

The OX-ON Winter Supreme 3608 is a great choice for a waterproof and extra warm winter work glove with cuff. Designed for rough work in forestry, transport, waste disposal and agriculture. The palm is in PU for exceptional grip. The back of the hand is made of polyester, cotton and elastane, ensuring high flexibility and ideal fit. The middle layer contains a membrane that prevents water from penetrating the glove, keeping your hands 100% dry. Well-insulated and extra warm, making this the perfect choice for rough work in cold, damp or wet environments.
