Product Description:

The OX-ON Winter Comfort 3307 is a highly-insulated and warm winter glove that combines breathability and water resistance with a high level of comfort when working in cold and humid environments. Whether wearing the Winter Comfort 3307 professionally or privately, you will get a glove with a completely waterproof palm and completely breathable back. If working in carpentry, warehousing or assembly for instance, this is a functional winter glove that can handle all your needs.

Palm is made of PU with a membrane underneath to keep the hand completely dry. The back of the hand is made of polyester and elastane for unbeatable flexibility, breathability and perfect fit. OX-ON gloves winter lining helps to protect effectively from loss of heat.
