

Art. no.: 137.20

OX-ON Knitted Basic 13001

Features:

- Tight-knitted inner glove
- 50% cotton and 50% polyester
- Absorbs sweat and moisture.

Colours:

beige

Materials:

polyester 50%
cotton 50%

Product Description:

The OX-ON Knitted Basic 13001 is a tight-knitted glove to wear as inner glove for fishing, cleaning, working with chemicals or laboratory work.

This white knitted glove is made of 50% cotton and 50% polyester, which absorbs sweat and moisture and allows your hands to breathe freely. The soft and comfortable cotton keeps hands warm and the tight knitted gives an extra good fit.

If already wearing a glove from OX-ON's Chemical Series, or other gloves without a lining, the Knitted Basic 13001 is extremely suitable as an inner glove and provides extra comfort. It can also be worn alone when working in cool and dry environments.
