

Art. no.: 152.20

OX-ON Chemical Basic 6000

Features:

- Affordable green chemical glove
- Food approved
- Solid grip

Colours:

green

Materials:

nitrile 100%

Product Description:

The OX-ON Chemical Basic 6000 is an affordable chemical glove for working with chemicals, in a laboratory, fishing, cleaning, agriculture or the food industry.

The glove is made of 100% green nitrile with a coarse pattern in the palm to ensure extra good grip. Extra protection is also provided by the thickness of 0.4 mm and length of 30 cm. The chemical glove is flocklined, which ensures particularly good comfort.

The chemical Basic 6000 is approved for working with food and also provides protection in other environments working with solvents and oil-based chemicals. This model is a comfortable, protective work glove at a favorable price.

NB: Before working with chemicals, oils, solvents, etc., we recommend reading item 8 of the safety data sheet for the corresponding product to ensure the correct choice of protective equipment.
