nitrile 40%

Product Description:

The OX-ON Flexible Supreme 1603 is an exclusive and extremely comfortable glove for the spring and fall season for carpenters, builders, warehouse workers, contractors or even wearing in the garden. Whether wearing this flexible glove professionally or privately, you get a very robust, lightweight all-round glove that works well in a cool environment. The palm and fingers are coated with nitrile foam, which helps to ensure an extremely soft and flexible glove. The knit is made of acrylic, which makes the glove elastic and gives you an exceptionally good fit and a warm feeling. Flexible Supreme 1603 glove stands for really good comfort, perfectly durable fit and sublime dexterity, even when working in a cold or cool place.

Flexible Supreme 1603 is the right choice for high quality outdoor use in spring and fall, but is also suitable for working indoors in the winter in cold conditions.

This OX-ON season glove is silicone-free.
