3.329 m3 world eq.

Product Description:

The OX-ON Flexible Comfort 1302 is the glove for rough work.

The Flexible glove is especially suitable for construction, masonry, contracting, scaffolding, agricultural and forestry work.

This finger-dipped glove provides good protection, ensuring full comfort and mobility, even for the more demanding tasks. The knit is made of polyester and cotton for a comfortable fit, high durability and the experience of solid quality. The palm and fingertips is coated with latex in a specific pattern, ensuring an exceptionally safe grip.

The entire thumb of the Flexible Comfort 1302 glove is also protected by latex, making this a sturdy work glove also suitable for intensive use.
