Total water consumption:

0.197 m3 world eq.

Product Description:

The OX-ON Winter Basic 3003 is an economically attractive winter glove for warmth and good grip when working outdoors. Whether worn privately or professionally, it is particularly suitable for working with e.g. wastewater, building, construction or in connection with horticulture and gardening. Fleeced acrylic knit for warmth and softness. The palm, fingers and over the knuckles are coated with latex foam to ensure flexibility and a comfortable fit when working in cold environments. The latex coating has a special pattern for safe grip and robust resilience, including on the upper side of the fingers. The OX-ON Winter Basic 3003 is a warm all-round glove that protects all the fingers and gives a comfortable fit.
