Product Description:

OX-ON Heat Plaster Comfort is an air-activated body warmer that keeps the body warm and provides temporary relief from minor pain and soreness in muscles and joints. This heating pad is also effective for treating back pain, arthritis, sprains, bruises, and strains. It is easy to use, activated by contact with air, and can be used wherever you need warmth and pain relief. The plaster is designed to deliver even and comfortable warmth that penetrates deep into the tissue, helping to relieve discomfort. It is perfect for use in cold environments, for athletes, or for those who need extra warmth and comfort in everyday life. The practical size makes it easy to carry and use as needed. Contents of the set: 1 pc 9.5 x 13 cm.
