Product Description:

OX-ON Compress Hot/Cold Comfort is designed to relieve pain caused by injuries, scrapes, falls, or sprains. This compress can be used for both cold and warm treatments, making it versatile and effective for different types of injuries. When used for cold treatment, it is ideal for cryotherapy and RICEM treatment, which quickly reduce swelling and pain. Warm treatment is used to relieve joint, muscle, nerve, sciatica, and back pain. This compress is easy to use and provides quick pain relief. The small and handy size makes it easy to store and use as needed, whether at home or on the go. It is perfect for both acute treatment and long-term pain relief. Contents of the set: 1 pc 8.5x12 cm.
