

Art. no.: 23205

OX-ON Compress Cold Comfort

Features:

- Quick cold treatment
- For wrist and neck against heat stroke
- Ultra-thin

Colours:

blue

Product Description:

OX-ON Compress Cold Comfort is designed to deliver quick and effective cold treatment for pain relief caused by injuries, scrapes, falls, or sprains. This compress is ideal for use in cases requiring cryotherapy and RICEM treatment, which quickly reduce swelling and pain. The ultra-thin construction makes it light and comfortable to use without feeling bulky or uncomfortable. This compress is particularly suitable for use around the wrist and neck to protect against heat stroke, making it an indispensable part of your first aid kit, especially in hot environments or during intense activities. The quick cold treatment helps relieve pain and discomfort while promoting faster healing. OX-ON Compress Cold Comfort is easy to use and can be quickly activated when needed. Its compact size makes it practical to carry with you, whether you are at home, at work, or on the go. Contents of the set: 1 pc 160 g.
