Product Description:

OX-ON Kneepads Basic are economically attractive and very durable knee pads for you, who want to concentrate on your work rather than having to worry about your knees.

With an outside made of PU/nylon and an inside in synthetic leather you get robust kneepads, which give you good protection – even when you work on more coarse surfaces.

OX-ON Kneepads Basic are also provided with a shock-absorbing material, which gives you good protection and comfort during your work.

The smart velcro-closure makes it easy to place the kneepads on your pants and at the same time it ensures a unique fit.
