Product Description:

OX-ON Knee Protector PVC Comfort is the extremely hard-wearing kneeling pad for you, who wish to be sure that you get the right relief and protection when you work on your knees.

The kneeling pad is made (consists) of 4 cm shock-absorbing material, which gives you exceptionally good flexibility and comfort.

The outside is covered with a hard-wearing material that makes this model extra durable.

OX-ON Knee Protector PVC Comfort is therefore a really good choice, both when you work on uneven or coarse surfaces or if during your work day you often change between standing up or lying on your knees.

The kneeling pad has a size of 40 x 30 x 4 cm and is provided with a handy carrying strap, which makes it easy to pick up and move around.
