- Practical and affordable safety kit
- filtering single use mask with comfortable fit
- Adjustable and anti-fog safety goggles
- Comfortable and adjustable earmuffs.

### Colours:

white, red, clear

### Product Description:

OX-ON Safety Kit Basic is a practical and affordable safety kit for you, who work with various do-it-yourself projects.

With this kit you get the following three items:

1 pc. P1 filtering single use mask

The mask has a mouldable aluminium nose bridge, which makes it adaptable to your nose. With this mask are you protected against hazardous dust from for example cardboard, plaster and textiles.

1 pc. safety goggles with clear lens

The safety goggles are manufactured in impact-resistant polycarbonate, and the frame is made of a soft material that adapts itself to your face. Furthermore, the frame has small ventilation holes in the side, which prevents the goggles from fogging. The goggles are furthermore provided with an adjustable elastic band so that they can be adapted to your head.

1 pc. earmuff

With this earmuffs you are well protected against noise nuisance. You can adjust the headband to fit you perfectly. The earmuffs feel light and comfortable to wear and they
