OX-ON Eyewear Multi Supreme - Clear

Features:

- Anti fog
- Scratch-resistant
- Ventilation
- Headband included
- 99,9% UV protection.

Colours:

clear

Product Description:

OX-ON Eyewear Multi Supreme Clear with clear lenses, manufactured from impact-resistant polycarbonate. The goggles also have an anti-fog coating, which makes them ideal for use in high-humidity condensation-forming environments. Scratch-resistant lenses ensure good and clear vision. These functional and cleverly designed scratch-resistant safety goggles include additional frames in which the angle of the lens can be adjusted in relation to the frame, along with a soft and elastic adjustable headband. This means the goggles are especially universal in relation to many different tasks, where the eyes need to be protected as well as possible. Very easy, quick, and simple to change from headband to frames—or vice versa! The anti-slip, soft nosepiece helps to make them especially comfortable and well-fitting safety goggles. Clear lenses are ideal for use both inside and outdoors. Indirect ventilation holes that effectively prevent the ingress of dust and liquids underneath the goggles. A soft edge between the face and lenses means the goggles are comfortable and easy to fit on the face. This ventilating seal makes it particularly difficult for dust particles, for example, to penetrate and irritate the eyes. The exclusive goggles have an ultra-lightweight design, which makes them comfortable to use for extended periods.

99.9% UV protection
