- Easy adjustment
- Dielectric design
- Lightweight.

Colours:

black

Total CO2 emission:

2.314 Kg CO2 eq.

Materials:

Total water consumption:
0.334 m3 world eq.

Product Description:

OX-ON Earmuffs D3 Comfort are passive high-quality earmuffs for you, who work in a very noisy environment.

Here you get robust earmuffs in a dielectric plastic design that protect you when you work in an electric environment.

This model has a unique dual headband, which reduces the pressure on your head. You can easily adjust the headband and place the so-called snap-in ear cushions as needed. The smart 'quick-click' system ensures that your settings will remain locked while you work. At the same time you will also benefit from the fact that the inner headband is ventilated and thus it is comfortable to wear even on hot summer days and in a humid environments.

D3 Comfort is made with a unique foam double layer, which has the soft ear cushions seal tightly around your ears.

OX-ON Earmuffs D3 Comfort have a attenuation value (SNR value) of 34 dB.

High frequency: 35 dB

Medium frequency: 31 dB

Low frequency: 25 dB

The cups are made of sturdy and impact-resistant ABS plastic. The earmuff weights only 286 grams and therefore feels light and comfortable to wear.

With OX-ON Earmuffs D3 Comfort, you will feel well protected when you work in a high noise level or electric environment.

NB: See instructions for choice of earmuffs with the proper attenuation value. (Use the
