

Art. no.: 348.82

OX-ON Varan Twin Lanyard Comfort 2 m

Features:

- Large aluminium scaffold hooks
- Low weight
- Energy absorbing
- User-friendly.

Colours:

black

Product Description:

OX-ON Twin Safety Lanyard Comfort 2 m is a energy absorbing lanyard of 2 metres, which you can for example use in connection with scaffolding and mast work. The lanyard is made of strong 35 mm polyester tubular webbing with energy absorber.

OX-ON Twin Safety Lanyard Comfort has a working length of up to 2 metres, and it is provided with large easy-to-use aluminium scaffold hooks, which have a 60 mm opening as well an aluminium snap hook with a 25 mm opening for attachment in the harness, which ensures you a fast and easy operation.

If possible, the anchorage point must be above head height in order to reduce the vertical clearance.

You should notice that the vertical clearance at any time must be calculated before starting work with the fall protection. For further information on required vertical clearance, please read the attached user manual or contact OX-ON.
