

Art. no.: 350.21

OX-ON TECMEN Shoulder Strap Comfort**Features:**

- Adjustable
- Comfortable
- User-friendly
- Suitable for OX-ON Powered Air Comfort turbo unit

Colours:

black

Product Description:

The OX-ON Shoulder Strap Comfort is a comfortable strap that can be fitted on the OX-ON Powered Air Comfort turbo unit.

The strap features four user-friendly hooks that fit easily into the plastic rings sewn into the comfortable belt to which the actual turbo unit is fitted.

The strap distributes the weight across the shoulders, so that it isn't only the belt around your waist that bears the weight. The strap is particularly useful in conjunction with slightly heavier filters such as ABEK.

The strap is adjustable, meaning it can be adapted to the individual user.
