Features:

- Highly effective
- Suitable for work with colors and varnishes, and in extremely dusty environments
- Quick and easy fitting
- Suitable for OX-ON Powered Air Comfort

Colours:
black

Total CO2 emission:
N/A

Materials:

Total water consumption:
N/A

Product Description:

The OX-ON A2P3 filter for PAPR Comfort is a large-capacity filter suitable for the OX-ON Powered Air Comfort.

A specially developed, safety-approved filter for protecting your respiratory tract in connection with working with colors, varnishes, and organic solvents with a boiling point above 65 °C – including cellulose thinners, PCB, various types of wood preservatives, spray pesticides, turpentine, and spray paint. (For the product from which you want protection, read more in section 8 of the datasheet.)

The OX-ON filter also offers protection when working in dusty and particle-filled environments.

This highly effective filter can be replaced easily and quickly without using any tools.
