Product Description:

OX-ON Fall protection kit w/ SRL Basic L/XL is a complete and cost-effective set for those who need to work at a height. You get a solid and comfortable body harness, a durable safety block, an OX-ON webbing sling, a strong anchoring sling, a steel screw carabiner and an attractive OX-ON bag for the entire set. The body harness is also tested for 150 kg.

The OX-ON fall-stop waist set is carefully balanced and consists of:

[348.01] OX-ON C3 Harness Basic L/XL, which provides you with a cost-effective standard lightweight body harness that is easy to use and stays comfortable even with long-term use. The body harness is equipped with classic buckles and good adjustment options at the chest and thighs. You use the strong D-ring on the back as well as the two loops on the chest for anchoring.

[380.10] 10 m Fall protection block with screw carabiner and 4 mm galvanized steel wire with hook. With it you get an edge-tested automatic braking system, which can be used both horizontally and vertically. The certified load is: Vertical 120 kg. Horizontal 120 kg.

[348.54] OX-ON Webbing Sling Comfort 1.2 m. You must use this sling for anchoring your fall protection. It is both easy and quick to set up, and because it does not take up much space, it is also easy to carry. It is made of extremely strong webbing polyester
