Product Description:

OX-ON Reusable Earplugs w/cord Comfort are comfortable corded earplugs that protects you from noise when you are working professionally or at home. They are easy to insert in the ear and stow securely in the included dust-proof storage case with a small handle.

Earplugs are often used in dirty work environments and typically collect dirt particles on the surface, which can cause damage and irritation to the ear canal. These earplugs have a dirt-resistant surface that can be easily cleaned using soap and water to maintain good hygiene. The earplugs fit snugly to the opening of the ear canal and the cord can be worn behind or in front of the neck.

OX-ON Reusable Earplugs w/cord Comfort have an attenuation value (SNR value) of 28 dB. High frequency: 29 dB Medium frequency: 25 dB Low frequency: 24 dB. Note: See the guide to choosing hearing protection with the right attenuation value.
