### Total water consumption:

0.457 m3 world eq.

### Product Description:

OX-ON Flexible Comfort 1305 is the most affordable glove for those who need high precision and functionality in their work. That is why the flexible-glove is particularly well-suited for tasks such as grinding or assembly work and is intended for carpenters, joiners, masons, machine operators, and more. Flexible Comfort 1305 is a lightweight glove that fits snugly and securely on your hand. The knit is made of nylon and elastane, ensuring extra high durability. The flexible-glove is finger-dipped, and the palm is coated with nitrile foam, which also provides a very precise and safe grip. Furthermore, the glove is suitable for contact with food. Flexible Comfort 1305 is a great choice as an allround-glove for use in dry environments where extra fingertip sensitivity is required.
