Product Description:

OX-ON Recycle Basic 16002 is the right glove if you need a flexible and comfortable glove, for example if you work with agriculture, hobbies, gardening, warehousing or assembly. 50% of the glove's knit fabric is made of recycled polyester derived from used plastic bottles. Furthermore, the glove is Oeko-Tex certified, so you are guaranteed an environmentally-friendly glove without hazardous chemicals and dyes. The glove's knit fabric provides a supple fit, and the exterior latex foam coating on the fingers and palm offers a softness and comfort that makes it pleasant to wear, even for extended periods of time. OX-ON Recycle Basic 16002 is a lightweight glove with a stable and snug fit, ensuring good finger touch sensitivity at all times. This makes it especially useful for lifting light materials, working in the garden, performing minor assembly tasks, etc.

Overall, the gloves consist of 28% recycled material.
