

Art. no.: 91366

OX-ON Earmuffs BTH1 Comfort

Features:

- Bluetooth
- Built-in microphone
- For helmet mounting
- AUX input
- Moderate to high attenuation.

Colours:

black

Total CO2 emission:

2.601 Kg CO2 eq.

Materials:

Total water consumption:
0.553 m3 world eq.

Product Description:

OX-ON Earmuffs Bluetooth BTH1 Comfort are robust, Bluetooth-enabled earmuffs for protection when working at moderate noise levels. The earmuffs are equipped with a practical built-in microphone, ensuring great audio quality for phone calls. AUX input allows you to connect devices such as an MP3 player. The integrated rechargeable battery and accessory USB cable make charging the earmuffs easy and hassle free. The dielectric plastic design provides high protection in an electrical environment. The earmuffs are designed to be attached to a helmet with a 30 mm slot, thus fitting the most common helmet types on the market. Helmet attachment in a dielectric design provides a comfortable fit. This enables you to work while wearing the earmuffs for a longer period. Weighing just 370 grams, they feel very light to wear. The cups are made of impact-resistant ABS material, which makes this hearing protection extra robust. Inside is a special 2-layer foam that feels incredibly soft and provides a snug fit to your ears. OX-ON Earmuffs Bluetooth BTH1 Comfort have an attenuation value (SNR value) of 26 dB. High frequency: 30 dB Medium frequency: 23 dB Low frequency: 17 dB. Note: See the guide to choosing hearing protection with the right attenuation value.
