## OX-ON Winter Comfort 3310

### Features:

- Water-repellent half-dipped winter glove
- Supple and stretchy
- Extra warm glove suitable for work in cool environments
- Sublime fit and fingertip touch sensitivity

### Colours:

black

### Materials:

nitrile 50%  
polyester 25%  
acrylic 25%

### Product Description:

The OX-ON Winter Comfort 3310 is the extra warm, water repellent winter glove for working in cold areas that can be wet. The glove is well-insulated and ensures heat-retention with perfect finger sensitivity and mobility, e.g. for working with scaffolding or as a carpenter/bricklayer. The OX-ON Winter Comfort 3310 is made of polyester and acrylic, which makes this winter glove tight-fitting and comfortable while protecting your hands from heat loss. Semi-dipped and coated with sandy nitrile on the palm, on the thumb and up to the knuckles. It gives an unsurpassed and safe grip. Note: No header card attached to gloves.
