Product Description:

OX-ON Flexible Advanced 1903 is a half-dipped work glove of the highest quality. An extra layer of nitrile coating has been added on the fingers and up to the knuckles in order to make it waterproof and oil-repellent in the palm of your hand.

The glove is extremely durable and fits like moulded to your hands. The fit is exquisite and extremely comfortable to wear day after day—no matter what your profession may be.

OX-ON Flexible Advanced 1903 are made from nylon and elastane, giving you a unique breathability while providing unmatched flexibility and comfort. The palm and fingers are coated with a special-grade nitrile foam that retains a sublime fingertip sensitivity for a precise and secure grip.

The Advanced 1903 glove is OekoTex certified. It is your guarantee that the gloves do not contain chemicals and dyes harmful to health or the environment. The gloves also have an antimicrobial treatment to give them a longer hygienic freshness and to protect you from bacteria and the smell of perspiration.

The durability is extended by the fact that the gloves can be washed up to 2 times at 40 degrees and tumble dry at low temperature without losing its special features.
