Materials:

Total water consumption:

N/A

Product Description:

OX-ON Junior Eyewear Comfort with clear lenses are strong, safety-approved goggles for children.

The goggles feature side protection as well as length-adjustable side bars, so they can be perfectly adapted to the child, and they are scratch-resistant.

The clear lenses make the safety goggles ideal to use both inside and outside.

With the integrated side protection, you get lightweight goggles that protect the child's eyes from particles and fragments, even from the side.

The lenses are made of impact-resistant polycarbonate.
