Colours:

black

Product Description:

OX-ON V33 Harness Comfort L/XL is a 2-point body harness for those who need a lightweight harness with a thoughtful design, completely unique freedom of movement and unfailing comfort. The harness is well-suited for daily use, and is fully padded in the back, shoulders and thighs. OX-ON V33 Harness Comfort can be used for the vast majority of jobs and applications, and it is particularly suitable for, e.g. scaffolding and roofing work. The harness's click-lock buckles make it incredibly easy for you to put the harness on and take it off, and with its adjustment options at the shoulders and legs, you get a harness that is extremely easy to adjust so that it fits you perfectly. Wearing the harness provides you with great flexibility, and it ensures you solid working comfort when wearing it for a longer period of time. The body harness is equipped with a strong D-ring on the back and at the chest, so you get a secure anchorage in connection with your work. The harness is made of strong and thoroughly tested 2-colored webbing straps. The body harness is also tested for 150 kg.
