black

Product Description:

OX-ON V20 Winx Harness Comfort is an ultra light and extremely comfortable 2-point health harness. A well-thought-out design with a completely unique freedom of movement and complete comfort. The harness is suitable for daily use, and is lightly padded on the back, shoulders and thighs. The OX-ON V20 Winx Harness Comfort harness can be used for the vast majority of tasks and applications, and it is particularly suitable for e.g. scaffolding and roof work due to the harness's excellent mobility. The belt's click buckle makes it incredibly easy for you to put/take the belt on and off, and with its adjustment options on the chest, shoulders and legs, you get a belt that is extremely easy to adjust so that it fits you perfectly. Wearing the harness provides you with great flexibility, and it ensures you solid working comfort when wearing it for a longer period of time. This lightweight harness with a weight of only 1,200 grams is equipped with a particularly strong attachment point on the back, as well as 2 large user-friendly anchoring loops at the chest. The harness is made of strong and well-tested webbing tape. The body harness is also tested for 150 kg.
